

**Notice: Winmate's announcement on Hard disk drive shortage due to Thailand's flood crisis**

Currently, Winmate's production line is still working normally, thus supply of products is temporary under controlled. However, supply of hard disk drive has been disrupted due to Thai flood, which we expect that this will cause a limitation on the future production of relative products on hard disk drive. To ensure our production line work normally as usual, Winmate has forced to take below actions in order to reduce as much as impact on our valued customer, all actions will start from 3<sup>th</sup> Nov, 2011:

1. Any quotation relative to the hard disk drive you received **before 3<sup>th</sup> Nov, 2011 will be immediately dismissed**, please check with your contact window for lead time and price.
2. The valid date for each quotation which relative to the hard drive will shorten to **three days**, the price of particular products might be adjusted by the day you place order.
3. Delivery date may be adjusted based on the entire market circumstance.

We thank you for your consideration.
