

# Product Change Notification

**Document No**                      **PCN-A-1020916-1**                      **Revision**                      **1.0**

**PCN Topic: Product End of Life for 32-inch and 46-inch OPS Display**

**INTRODUCTION:**

We would like to inform you that 32-inch and 46-inch OPS Display for OPS Digital Signage Player have been removed from our webpage. From now on, these products do not be supplied anymore.

**Details:**

Winmate is committed to provide the highest quality products and services to our customers. We also view product EOL as a part of the life cycle that drives new technology and product innovation. All technology products eventually reach the end of their useful life requiring a business decision to discontinue availability and service. Therefore, for those customers who want to buy OPS Display for Digital Signage application, Winmate continues to supply the products with mainstream sizes of 21.5-inch, 24-inch, 42-inch, and 55-inch to you. If you want to take orders or look for latest and innovative products, please contact with our sales for more information.
