PCN Topic: Mechanical change of Winmate 19” open frame panel pc and display

INTRODUCTION:

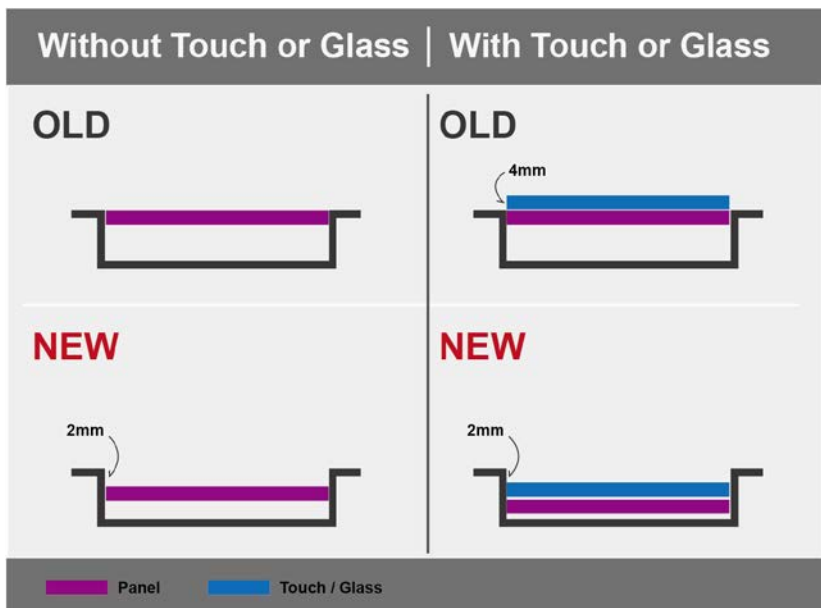

To maintain high quality and standard in our Industrial PPC – Display product line, we would like to inform our customer that our 19” open frame will have a new mechanical design

Details:

The mechanical design of the panel in the 19” open frame Display and PPC is changed, for the panel without any touch or glass, the position of the panel will be 2 mm lower. In the other hand, for the panel with touch or glass, the position of the panel and glass will be 2 mm lower with the surface of the frame.

The following table compares the mechanical design among old and new design:
