

Product Change Notification

Document No. PCN-A-1080514 **Revision** 1.1

PCN TOPIC: Winmate modifies the cradle and lowers the front bezel of the M101 series vehicle docking.

INTRODUCTION:

This is the notification for customers that Winmate has changed the design of the M101 series vehicle docking cradle and lowered the front bezel of the docking to reduce the obstruction with buttons on the tablet side.

DETAILS:

To prevent conflict between the vehicle cradle and the power button on the M101 series tablet, Winmate reduces the height of the vehicle docking front bezel marked in RED as pictured below. It has been verified that this change has passed the vibration tests and will not impact docking functions.

Existing Design:

New Design:
