PCN TOPIC: Winmate updates the Barcode Reader for the M101BK Rugged Tablet PC

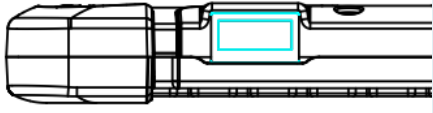

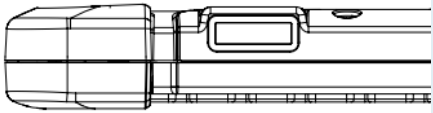

INTRODUCTION:

This is a notification for customers that the integrated barcode reader on the M101BK series rugged tablet has been updated.

DETAILS:

As Winmate is always looking to improve our product design, the barcode reader for the M101BK rugged tablet has been updated. The new M101BK will use an updated 2D Barcode Reader Module, which will result in a slight mechanical housing change. The new barcode reader lens will be reduced in size without any changes to the barcode scanning capabilities. These changes will affect new orders of M101BK tablet pcs from the effective date onwards.

Comparison Table – Current M101BK Barcode Reader vs New M101BK design:

Improvements	Current M101BK	New M101BK
Barcode Reader Model Change	EA30 2D Barcode Module	N6603 2D Barcode Module
Barcode Housing Change
